

Susan Furr, DNP, RN

“For the Love of the Game: Integration of Pop Culture in Undergraduate Nursing Education”

Susan is an Assistant Professor of Nursing, Mental Health and Psychiatric Nursing at Pfeiffer University in Misenheimer, NC.

In addition to designing creative ways to engage undergraduates, she has taken her own loss of her husband in 2013 to become a leader in Grief Share Ministry, which is a faith-based support group. Her creativity and personal growth also take the form of tent camping, bicycling, and providing Reiki as a Level 2 Practitioner.
